March 25th, 2020

A message to our community,

Our hearts are with the people around the world who have been affected by the novel coronavirus (COVID-19) pandemic. The health and wellbeing of our staff, customers and communities is our top priority and remains at the forefront as we make decisions in this rapidly changing situation.

Effective today at 11:59pm, the Ontario Government has mandated the shutdown of all non-essential workplaces. Even though we believe D'Angelo & Sons Construction Ltd. provides an essential service to our customers, the wellbeing of our staff is our priority and we must do our part to ease the spread of COVID-19. Therefore, we will be temporarily closing all non-essential operations of our business as of today for a period of 14 days. During this temporary shutdown, essential staff will be available for emergency response services only at the company's discretion to help the community wherever we can lend a helping hand. If you require assistance please email us at info@dangeloandsons.com

As the situation continues to develop, we are closely monitoring and ensuring our best practices align with the guidance provided by Public Health and other government organizations. Your health and well being is of utmost importance to us at D'Angelo & Sons. We encourage our suppliers and competitors alike to take the stand against COVID-19 and shut down as we all now have an opportunity to flatten the curve of the infection.

Thank you for your patience during this difficult time. Please continue to take care of yourselves and others, and we wish you all the best for your health now and in the future.

Sincerely,

Aaron D'Angelo
President
D'Angelo & Sons Construction Ltd.
